Experienced trainee looking for new opportunities, ideally within the office, buying, or design teams, with experience in the office, on the truck, and on set, within both contemporary and period costume, crowd and principals, during prep, shoot, and wrap. Reliable, organised, curious, and a quick learner, I am a hard worker and am well suited for a high paced work environment, working quickly and efficiently to a high standard. I am flexible and have a deep interest in all areas of film, TV, and costume; but most importantly, I have the desire to learn and improve, and with my experience, hope to keep training up. References available on request.
